31	/improve	Improve writing
32	/summarize	Summarize text
33	/paraphrase	Paraphrase text
34	/proofread	Proofread text
7. DATA & ANALYSIS		
53	/analyze-data	Analyze data
54	/visualize	Create charts
55	/insights	Extract insights
56	/forecast	Make predictions
57	/report	Generate report
58	/stats	Calculate statistics
59	/clean	Clean data
10. LEARN & RESEARCH		
76	/search	Search the web
77	/research	Deep research
78	/learn	Explain a topic
79	/tldr	TL;DR summary
80	/sources	Find sources
81	/fact-check	Fact check
82	/explore	Explore topics
2. FOCUS & CONTEXT		
9	/focus	Set main objective
10	/context	Add background
11	/details	Provide more details
12	/examples	Give examples
13	/clarify	Ask follow-up questions
14	/define	Define terms
15	/assumptions	List assumptions
16	/priorities	Set priorities
17	/constraints	Set constraints
5. ORGANIZE & STRUCTURE		
35	/outline	Create an outline
36	/structure	Organize content
37	/bullet	Make bullet points
38	/numbered	Make numbered list
39	/table	Create a table
40	/summary	Summarize content
41	/key-points	Extract key points
42	/mindmap	Create mind map
43	/flowchart	Create flowchart
8. AUTOMATE & INTEGRATE		
60	/workflow	Create workflow
61	/automate	Automate tasks
62	/api	Use API
63	/integrate	Connect tools
64	/schedule	Set reminders
65	/trigger	Set triggers
66	/tasklist	Create task list
67	/checklist	Create checklist
11. COLLABORATE & SHARE		
83	/share	Share conversation
84	/export	Export content
85	/download	Download file
86	/copy	Copy to clipboard
87	/email	Email content
88	/publish	Publish content
89	/feedback	Send feedback
3. THINK & SOLVE		
18	/analyze	Break it down
19	/compare	Compare options
20	/pros-cons	List pros & cons
21	/evaluate	Evaluate ideas
22	/recommend	Get recommendations
23	/brainstorm	Brainstorm ideas
24	/solve	Solve the problem
25	/challenge	Challenge assumptions
6. CODE & TECH		
44	/code	Write code
45	/debug	Fix issues
46	/explain	Explain code
47	/optimize	Improve performance
48	/refactor	Refactor code
49	/test	Write tests
50	/convert	Convert formats
51	/documentation	Write docs
52	/review	Review code
9. PERSONALIZE & CONTROL		
68	/preferences	Set preferences
69	/memory	Manage memory
70	/tone	Adjust tone
71	/style	Change writing style
72	/length	Change length
73	/format	Change format
74	/reset	Reset conversation
75	/clear	Clear context
BONUS: POWER SHORTCUTS		
✦ Use / + command for quick access		
♦ Combine commands for better results		
? Add context early for better answers		
✓ Be specific and clear		
■ Iterate and refine		
+ Save and reuse what works
